

CASE STUDY

We Can Foods Ltd, Manchester

SERVICE PROVIDED

- Gas Procurement
- Account Care
- Utility Insight

Established in June 2014, We Can Foods Ltd is a Manchester based cannery. The company has a large portfolio of products including; soups, side dishes, beans and pulses.

We Can Foods Ltd were in the process of reviewing its gas and electricity contracts when they were contacted by Utilitywise. We were able to help them with this process and take away much of their paperwork burden.

Utilitywise helped We Can Foods renew their gas contract with SSE, beating a direct supplier renewal quote and arranging a comprehensive search of many suppliers beforehand.

Thanks to Utilitywise's close working relationships with energy suppliers, we were able to secure a two year fixed term contract that saved We Can Foods on their gas.

"I AM VERY GRATEFUL FOR UTILITYWISE'S ASSISTANCE IN THIS COMPLEX MATTER"

Kristian Roberts, Finance Director
